A diverse group of people, including men and women of various ethnicities and ages, are shown clapping and smiling. They appear to be participating in a virtual event or conference. The background is slightly blurred, focusing attention on the participants in the foreground.

AME 2022

January to June Virtual Event Program

AME

*Leadership in
Operational Excellence*

Dedicated to the continuous improvement and operational excellence journey.

The AME Network provides the right environment, training and resources to help build individual and business growth.

Members, from a broad range of industries, meet to explore lean thinking, discuss continuous improvement methods and tools, exchange best practice ideas and network to improve performance and outcomes.

Together We

Share knowledge

Solve problems

Amplify engagement

Challenge our thinking

Develop trusted relationships

Find a better way

The AME Program is subject to change.

Events will continue to be added. Please make sure you have the most up to date version of the program.

Tell Us What You Want!

Look out! There are more events to come.

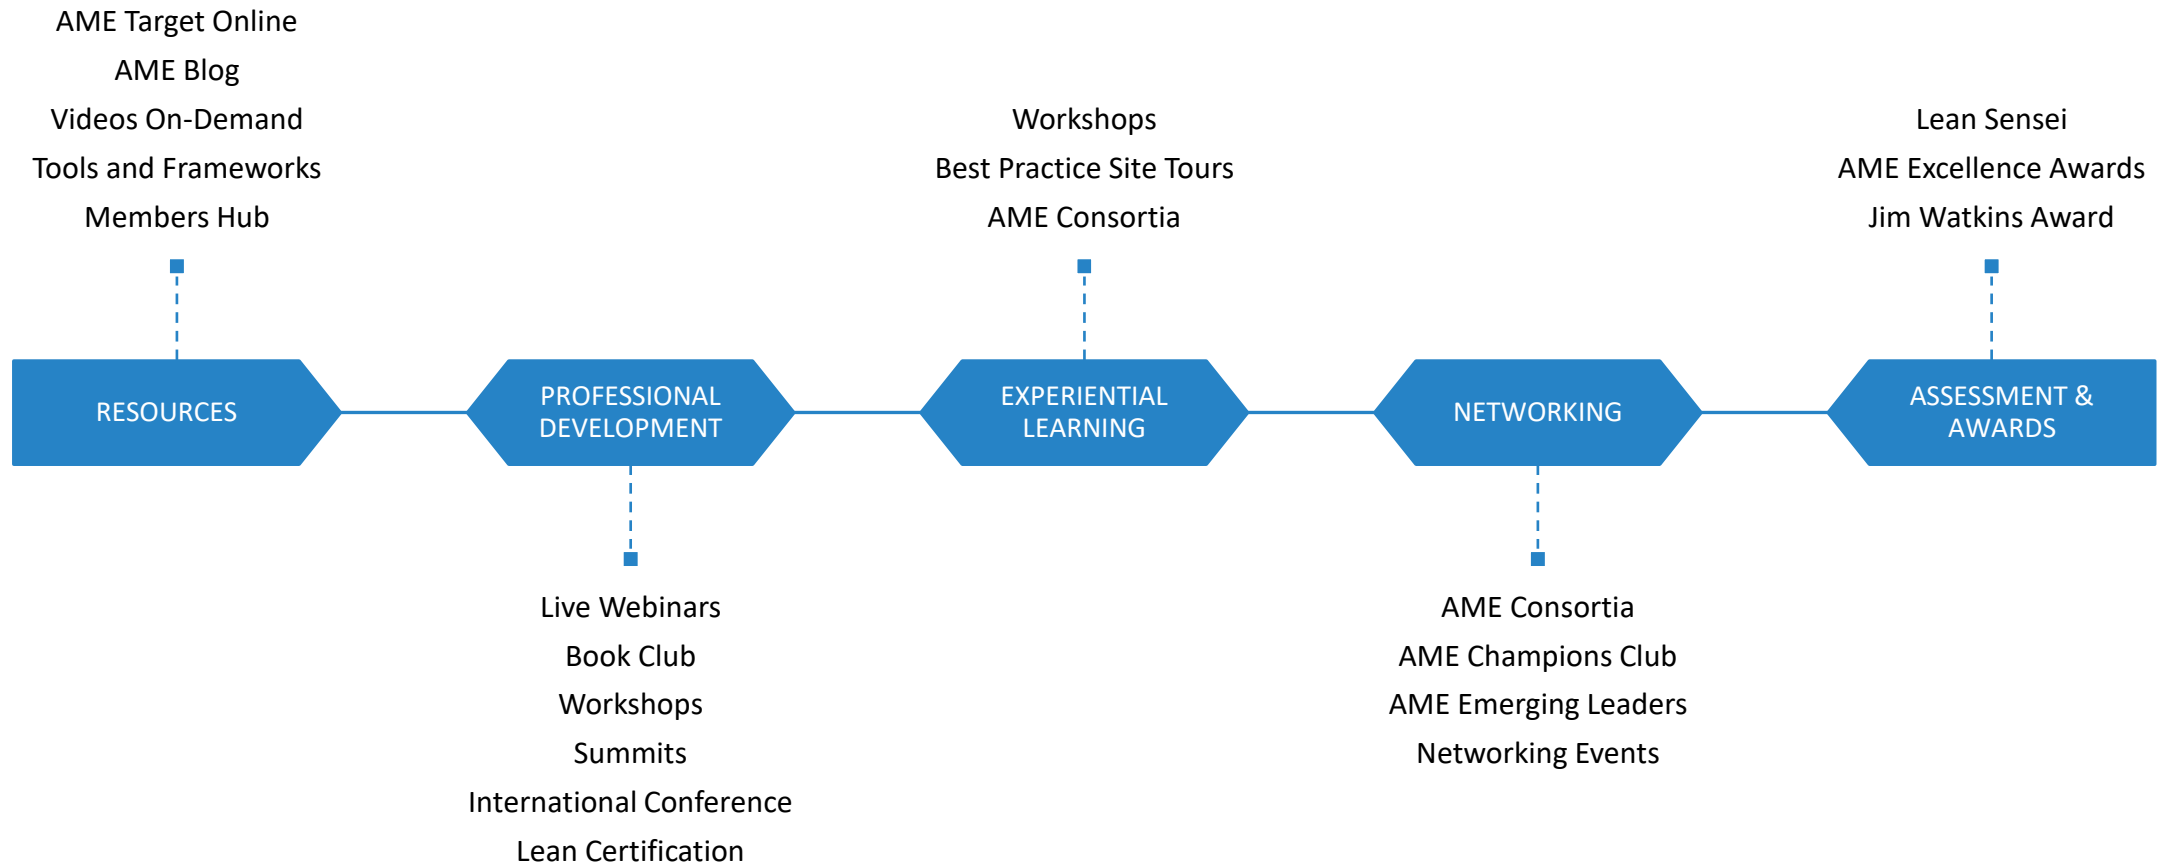

The AME Program is developed based on feedback from our network. We need your help to design a program that will support you and your team.

We invite you to participate in a short survey to help guide and improve AME events and resources in 2022.

[Access the survey here.](#)

AME Pathway to Excellence

Membership

AME Membership opens up a whole world of benefits and services. If you are not a current AME member, we encourage you to [sign up](#) to help support the association. Our promise to you is that AME will continue to help you connect, learn and grow by providing the support, tools and training you need. Most events will be recorded and saved in the AME Members Portal, for on-demand access for you and your team.

Thank you
