

AME Australia

AME

**Leadership
in operational
excellence**

AME Vision

To be recognised as the leading association for operational excellence.

AME Mission

To inspire a commitment to operational excellence through experiential learning and by bringing people together to share, learn and grow.

Membership

AME Australia is the leading cross industry community of like-minded professionals dedicated to operational excellence, leadership and innovation. Members frequently meet to explore Lean thinking and other enterprise improvement methods, exchange best practice ideas and network, in order to advance their careers and improve the competitiveness and overall value of their organisations.

AME Australia is the premier organisation for the exchange of knowledge in operational excellence. Members regularly come together to explore lean thinking and other continuous improvement methods.

AME EVENTS

The AME is your central access to a wealth of continuous improvement resources. Each year you will have access to multiple events where you can network with like-minded people, and hear from industry experts on critical topics.

ANNUAL NATIONAL CONFERENCE

Learn from the insights of world-class, highly successful practitioners who have already been there and done that. You gain access to a trusted source of knowledge that you can confidently rely on to make the changes needed to accelerate your growth and development.

AME NATIONAL ROADSHOWS

AME Australia attracts internationally renowned Lean experts from around the globe to host workshops covering topics of interest.

DISCUSSION FORUMS

These forums take the format of a round table discussion on a specific topic of interest, facilitated by industry experts. Participants are asked to come prepared to participate in a lively and informative discussion.

BEST PRACTICE SITE TOURS

Tours will be offered through a variety of sites, including manufacturing, public service, finance and other service-based companies, giving participants the opportunity to see operational excellence being applied in different industries.

TRAINING BY LEADING INDUSTRY EXPERTS

A range of operational excellence training activities will be facilitated by select industry experts who are leaders in their fields. The training will be held on host company sites where the emphasis will focus on practical applications and hands on learning.

ONLINE WEBINARS

AME Webinars are a low-cost option for access to continuous improvement thinking throughout the year.

MEMBERSHIP

Dedicated to the journey of continuous improvement and enterprise excellence the AME is committed to helping its members share their knowledge so that they can learn and grow together.

The AME helps small, medium and large business enterprises understand how to optimise and improve their capability and business performance in order to deliver and maintain long-term sustainable improvements.

AME Membership gives you access to an extensive network of peers, education and training, practices, tools, resources and experiences.

The AME is run by volunteers from both business and academia who willingly provide their support, and energy, along with the resources of their own organisations, in order to help your company prosper in today's challenging global marketplace.

If any of the following descriptions of an AME Member might resonate with you, then joining the AME will offer you a real opportunity to grow, both personally and professionally:

- You have a strong desire to improve your personal and enterprise knowledge.
- You would like to foster and grow that desire in others around you.
- You have skills which you believe others might benefit from.
- You are looking for the added credibility and weight that an organisation like the AME can offer you in order to drive and encourage change within your own workplace.
- You want to establish contacts with industry leaders in order to further your own knowledge and learn more about the industry as a whole.
